Dear Parents/Carers

Corsham Primary School is in the process of trialling an exciting and new app, which is called SeeSaw.

SeeSaw is an electronic portfolio that students can use to upload, share and comment on their learning. An exciting feature of Seesaw is that you, the parents and carers, will be able to view and comment on your child's learning, alongside the class teacher. Students will upload their learning using the iPad facilities in school and once you have registered for access to See Saw, you will be able to view your child's learning from your smartphone and/or computer.

In order to ensure that the implementation of Seesaw at Corsham Primary is successful, 5R have been selected to trial the app. This class will be the only class to use Seesaw for the remainder of this year, in anticipation of delivering a thorough and enjoyable Seesaw experience in the next academic year. Instructions with how to connect to your child's portfolio have been attached.

We will be grateful for your participation in this trial and we look forward to sharing your child's experiences of Corsham Primary with you! Should you have any questions, please do not hesitate to ask.

Yours faithfully

James Essam
